

# Easy as Japanese Sums by JinHoo Ahn

Rules: Fill some cells with numbers 1-4 so that each row and column contains each number from 1 to 4 exactly once as well as one empty cell. Numbers outside of the grid indicate the sum of all numbers in the first connected group in that direction as in a Japanese Sums puzzle.

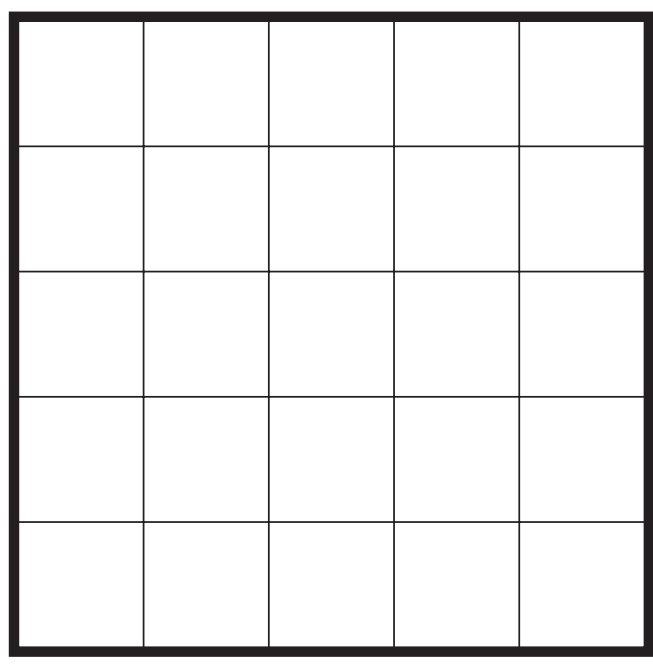

Example by Serkan Yürekli

{1-4}

1 3 6

10

*Triangular Numbers*
